C. Installation Instructions

New Installation

This application can be used for a New Install or for an upgrade to the new version. During the installation process, click '**Next**' to accept the default setup values displayed for each of the prompts.

Upgrade Installation

- Clients must be on version 6.5B upgrade to 6.6A
- Versions prior to 6.5B will not upgrade to 6.6A

D. State Mandates**1. Electronic Lienholder Changes**

- a. Deals submitted where the Lienholder has an FID Number but does not have an associated Florida DMV Customer Number on file, will no longer be allowed effective 1/1/2013.
- b. Deals submitted for processing with an FID number where a Florida DMV Customer Number has already been established, will be processed successfully.
- c. Deals Pended prior to 1/1/2013 with an FID only as a Lienholder ID, cannot be finalized unless an associated Florida DMV Customer Number has been added to their file prior to processing the deal. If however, between the PEND and the FINAL deal, your store has secured the Florida DMV Customer number for the Lienholder on the deal, you may update the Lienholder by replacing the FID with the Customer Number before finalizing the deal.
- d. Deals Pended prior to 1/1/2013 can still be finalized successfully even though they may have been using a Non-ELT Lienholder. Take Note, if the deal with the non-ELT lienholder is voided and re-processed after 1/1/2013, the deal will fail if the Florida DMV Customer Number of the non-ELT lienholder has not been converted to an ELT lienholder.
- e. Effective 1/1/2013, deals submitted with Lienholders who issue paper titles (non-ELT) will no longer be allowed. These Lienholders must convert to become an ELT Lienholder before they can be submitted to FL DMV EFS system as part of a deal.
- f. To support the Florida DMV State changes, the CVR application has now been enhanced to include the following:
 - Electronic Lienholder Table has been added to the FL EVR Lien Maintenance section.
 - You will be able to set 'favorites' to Lienholders of your choice.
 - Once set to favorites, these Liens will show at the top of your list, for easy access.
 - You will be able to add, update or delete Lienholders from your list.
 - CVR will perform regular Lienholder updates as the Florida DMV updates their ELT List.
 - The Florida DMV Customer Number is the desired identification number for processing deals with Electronic Liens will be the Florida DMV customer number.
